PGmA's marketing advisory services target specific needs to increase revenue streams. Our consulting services and customized products include:

STRATEGIC GLOBAL MARKETING

Our international consulting services bring proven U.S. market expertise to draw American golfers to international destinations. A team of Alliance experts combines our P.A.R. with specific services for increasing brand awareness, rounds and visitation.

PERFORMANCE ASSESSMENT REPORTS (P.A.R.)

This three-day business review provides an objective and comprehensive assessment of golf operations and marketing programs, including what is working well and what can be improved, plus strategies for increasing revenue.

CO-OP MARKETING PROGRAMS

Designed for regions or international destinations with golf as a primary tourist attraction, our programs promote incremental room nights/play at the participating resorts or venues within a destination.

"BUSINESS OF GOLF TRAVEL" SEMINARS

Offered exclusively to industry leaders by invitation only, PGmA seminars provide a perceptive overview of the year ahead and include a complimentary copy of our proprietary annual publication, "Current Golf Industry Outlook."

PRE-OPENING MARKETING STRATEGIES

For a stand-alone golf facility or one planned as part of a larger venture, PGmA's strategies will gain widespread visibility for your project. Let us assist you in turning your vision into reality, recruiting members and clients and maximizing your bottom line.
